

## SENIOR BRIDGE ENGINEER

LTL Consultants, LTD., has a full-time job opening in our Oley, PA office for a Senior Bridge Engineer.

We are seeking candidates with a minimum of 7-10 years of experience in bridge and culvert design to join our municipal engineering team.

### **Essential Duties**

- Prepare all aspects of bridge/culvert design projects including: site layout, structural design and preparation of plans and specifications
- PaDEP and PennDOT permit application preparation
- Prepare plans using AutoCAD
- Guide projects through the PennDOT review and approval process
- Construction observation and inspection
- Analysis of existing bridges and culverts to determine appropriate rehabilitation measures

### **Qualifications**

- BS in Civil Engineering / Structural Engineering
- PE License in Pennsylvania
- Minimum of 7-10 years of experience in the bridge design field
- A strong working knowledge of PennDOT bridge design, analysis and rating software
- A strong working knowledge of PennDOT bridge design manuals and standards
- Ability to effectively manage multiple projects
- Excellent communication skills

### **Company Overview**

LTL Consultants, founded in 1994, provides consulting engineering services to numerous municipalities in southcentral and southeastern Pennsylvania. We believe providing technical excellence to our clients is paramount, while also seeking to deliver such excellence in a personal way to each client. We strive to build a comfortable workplace where our employees trust the people they work for, enjoy the people they work with and take pride in what they do.

LTL is an Equal Opportunity Employer offering a competitive salary and benefits package.

Interested candidates can submit resumes to Edgar Latshaw, P.E. at [elatshaw@ltlconsultants.com](mailto:elatshaw@ltlconsultants.com) or call at 610-987-9290 for additional information.

## CIVIL ENGINEER/MUNICIPAL ENGINEER

LTL Consultants, LTD., in business for 25 years in southeastern Pennsylvania, has a full-time job opening in our Oley, PA office for Civil or Environmental Engineers with Land Development and Municipal Experience.

Candidates must have a minimum of 3 years experience in civil design or municipal services with a BS in Civil or Environmental Engineering. Candidates should have experience in the following areas; construction inspection, site grading, hydrology and hydraulic calculations, stormwater management, and wastewater collection systems. Knowledge of municipal ordinances, review of subdivision and land development plans and PADEP permitting is desired. All candidates must be competent in Auto CAD and/or GIS.

Strong emphasis is placed on the ability to effectively communicate technical information, orally and in writing, in a professional manner to contractors, developers, property owners, employees, consultants, other governmental agency representatives, municipal officials and the general public. Skill is required with reading and interpreting construction drawings, plans, specifications and contract documents. This is an excellent opportunity for engineers to utilize technical skills to verify and improve public and private projects.

LTL Consultants, an Equal Opportunity Employer offers a professional office setting and a competitive salary and benefits package. The position offers a desirable mix of office and field engineering opportunities. Interested candidates can submit resumes to Edgar Latshaw, P.E. at [elatshaw@ltlconsultants.com](mailto:elatshaw@ltlconsultants.com) or call at 610-987-9290 for additional information.
